ABSTRAK

Diana Fajrinnisak. Program Studi Administrasi Publik Universitas Yudharta Pasuruan, 2023. Analisis Kinerja Pemerintah Desa Dalam Perspektif *Agile Governance* di Desa Kepulungan Kecamatan Gempol Kabupaten Pasuruan. Pembimbing: Dr. Khumaidi, M.Si.

Agile Governance merupakan kajian mengenai tata kelola pemerintahan yang gesit atau tangkas. Manajemen tata kelola Pemerintah Desa mencoba dilihat menggunakan kaca mata perspektif *agile governance* dengan menggunakan 6 prinsip yang ada dalam *agile governance* menurut Luna, 2015.

Penelitian ini mengkaji tentang analisis kinerja Pemerintah Desa menggunakan kaca mata perspektif *agile governance*. Penelitian ini bertujuan untuk mengetahui kinerja Pemerintah Desa menggunakan kaca mata perspektif *agile governance.* Untuk mengetahui sejauh mana kinerja Pemerintah Desa Kepulungan ini dikatakan gesit dalam perspektif *agile governance.* Penelitian ini menggunakan metode penelitian kualitatif. Metode pengumpulan data dilakukan dengan observasi, wawancara/*interview*, dan studi dokumentasi. Dan teknik analisis data Miles Huberman dan Saldana (2014) yaitu pengumpulan data (*data collection*), kondensasi data *(data condensation*), menyajikan data *(data display),* menarik kesimpulan dan verifikasi *(conclusiondrawing and verification).*

Hasil penelitian menunjukkan beberapa prinsip telah dijalankan dengan baik, dengan beberapa prinsip yang perlu dikaji lebih mendalam penerapannya dalam Pemerintahan Desa Kepulungan. Terdapat pula beberapa prinsip yang belum dijalankan dengan baik.

Kata Kunci: *Agile Governance,* **Kinerja, Desa**

ABSTRACT

Diana Fajrinnisak. Public Administration Study Program, Yudharta University Pasuruan, 2023. Analysis of Village Government Performance in the Perspective of Agile Governance in Kepulungan Village, Gempol District, Pasuruan Regency. Advisor: Dr. Khumaidi, M.Si.

Agile governance is a study of governance that is agile. The management of Village Government governance tries to be seen using the perspective of agile governance by using the 6 principles in agile governance according to Luna, 2015.

This study examines the analysis of Village Government performance using the agile governance perspective. This study aims to determine the performance of the Village Government using the agile governance perspective. To determine the extent to which the performance of the Kepulungan Village Government is said to be agile from an agile governance perspective. This research uses qualitative research methods. Data collection methods were carried out by observation, interviews, and documentation studies. And data analysis techniques Miles Huberman and Saldana (2014), namely data collection, data condensation, presenting data (data display), drawing conclusions and verification.

The results of the research show that several principles have been implemented well, with several principles that need to be studied in more depth in their application in the Kepulungan Village Government. There are also several principles that have not been implemented properly.

Keywords: Agile Governance, Performance, Village
